Schooling Livery Includes stable and turnout, feed, hay and bedding, general groom and stable work and exercise. Additionally, schooling will be carried out by Eden or a member of the horse training team five times a week on average. Unless otherwise agreed we will arrange the worming, farrier, dentist and vaccination of the horses which will be billed to the owner and we will hold passports.

Holiday Livery Includes grazing and haylage as necessary and daily checking.

Druids shall provide these Services in an efficient and professional manner, meeting the welfare requirements of the horse and demonstrating skill, care and diligence.

The owner will provide Druids with any information/documents required by us to perform these services. This is to include, without limitation, information on any known vices and/or medical conditions.

The appropriate work for ponies in full livery will be determined by the management in accordance with their understanding of the owner's requirements. Unless otherwise requested this may include schooling, being ridden in lessons, umpiring or playing chukkas with a suitable member of staff or family. Decisions will be made taking into account the welfare and training of the pony and the work that the Owner requires from it. The pony will not be played in a match or ridden by anyone other than Druids staff or a member of the Ormerod family without the owner's specific permission.

The owner may visit their horses at any time within our business hours. If they wish to ride the owner is asked to book this in before 9am Tuesday to Friday and 8am on weekends.

The owner will observe any yard rules in particular those relating to safety.

The owner should obtain consent before installing any fittings to the stable(s) or tack rooms. Damages caused by the owner's horse, over and above fair wear and tear, may be charged at cost.

All tack, rugs and other equipment should be labeled by the owner whenever possible.

We may, in an emergency, contact a vet to attend to the horse without the owner's permission if they are unreachable and the invoice will be sent directly to the owner. We will also treat minor veterinary issues "in house" and the owner will be billed accordingly.

Field plans and grazing schedules will be the responsibility of Druids in both full and DIY livery. In DIY Livery the owner must keep the worming programme of their horse(s) up to date.

The owner must inform the Yard if any horse is to be absent from Druids overnight and let us know when the horse will leave and return.

The owner must be alert to possible infections of Strangles, particularly when travelling. Any symptoms of Strangles (e.g. lumps in the throat, discharge from nose coupled with a high temperature) that are observed in the horse while away or at Druids must be reported immediately.

Fees, Term and Notice Period

Fees as published twice yearly in the fixture card or otherwise agreed. Livery charges will be invoiced monthly in advance and payment is due within 28 days. Extras such as worming will be invoiced in arrears.

Unless otherwise agreed all livery is per season. Summer livery is from March to Mid-September. Winter livery is from September to Mid-March.

If the livery of one or more horses kept at Druids is ended before the end of the season we reserve the right to make a cancellation charge if we are not able to fill the vacancy. The charge will be of equivalent to DIY Polo Livery until the end of the season plus the appropriate proportion of any irrecoverable costs relating to the employment of any relevant groom.
